## macOS Wireless Connection — WC-Secure

Click the Wi-Fi symbol at the top your desktop screen to view the available

networks and select WC-

Secure

	The Wi-Fi network "WC-Secure" requires WPA2 enterprise credentials.	
	Mode:	Automatic 🗘
	Username:	
	Password:	
		Show password
		Remember this network
?		Cancel Join

You will then be prompted to enter your Westminster username and password (the default mode is automatic, which is correct). Your Westminster username does not include the "@wclive.westminster.edu" portion.

You will then see a checkmark next to WC-Secure when you are connected to the network.
