

How to Self-Register a Device

These are instructions to register gaming devices, Smart TVs, streaming devices and any device that only requests a password to connect to WiFi. Once you've registered your device/s they will connect to WC-Public.

Accessing the Self-Registration Site

Open a web browser and navigate to <https://www.westminster.edu/wificonnect>

Input your Westminster username and password to log in.

Operator Login

Log In

Registering a New Device

Once logged in you will see the **Manage Devices** screen as shown below.

You will want to click on the **Create** icon that is highlighted above.

This will expand the top section for a form to fill out. Fill the form out as shown below using your device information.

Register Device

Device Name:
Name of the device.

MAC Address:
MAC address of the device.

Registered By:

 Create Device

Once filled out click on **Create Device**

This will add the device to the list of approved devices at the bottom of the page.

MAC Address	Device Name	Created	Sharing	Visit
 11-22-33-44-55-66	Laptop-HQ26CA	2020-08-18 14:13	Disabled	
 Remove	 Edit	 Print		
 Refresh	1		Showing 1 – 1 of 1	20 rows per page 

Once you have entered your devices, log out of the portal and select **WC-Public** on your individual devices. They should automatically connect to WC-Public.
