How to Self-Register a Device

These are instructions to register gaming devices, Smart TVs, streaming devices and any device that only requests a password to connect to WiFi. Once you’ve registered your device/s they will connect to WC-Public.

Accessing the Self-Registration Site

Open a web browser and navigate to https://www.westminster.edu/wificonnect

Input your Westminster username and password to log in.

Registering a New Device

Once logged in you will see the Manage Devices screen as shown below.

You will want to click on the Create icon that is highlighted above.
This will expand the top section for a form to fill out. Fill the form out as shown below using your device information.

```
Register Device

Device Name: Laptop-HQ26CA
MAC Address: 11-22-33-44-55-66
Registered By: wtestrus
